Ontario Dental
ASSOCIATION

WWDS is a component society
of the Ontario Dental Association

July 2013

Dear Friends and Colleagues,

I trust that you are enjoying your summer and are taking an opportunity to relax before the start of another promising new academic year. Dr. Cherie Nicolucci has been busy planning an interesting program for this upcoming year including a variety of seminars and workshops for all of our members. It is for you, that we hope to provide worthwhile and informative seminars including a Core 1 course for your continuing education portfolios.

We invite you to use our website to join or renew your WWDS membership and check on upcoming events and activities. It is our mandate to phase out paper mailings and registration in hopes of reducing administration costs and the impact on the environment in the future. As an incentive to renew your membership using the website, we have reduced registration fees when you sign up online so check us out at www.wwds.ca today.

Our emergency on call program continues to remain strong and it is due to all of *your* involvement that we can take care of after hour emergencies for our patients. Thank you Dr. Ali Kapasi for administering this over the years! For the upcoming 2013-2014 year, Dr. Tarek El Sayegh will be helping to administer the program.

I would like to take this opportunity to thank all of our society's generous staff and volunteers on the executive who spend countless hours making this one of the strongest component societies in our whole province. It is people like those involved that keep the WWDS vital and successful. Also thanks to our numerous sponsors who have enabled our society to attract many notable speakers to the area for our full day seminars.

I look forward to serving as your president for the 2013-2014 term. If you have any suggestions or recommendations on how to make our dental society even better, please do not hesitate to call or email me (drkarenjlee@gmail.com). It would be a pleasure to address any concerns you have. I am so proud and honoured to belong to one of the strongest ODA component societies and will be committed to this role as president.

From the entire executive of the WWDS to you, we wish you a safe and fantastic summer and hope to see you out at some of our events next year.

Sincerely,

Dr. Karen Lee
