Mediation services between patients and practitioners.

6 Influence
Advocacy to government and local agencies on oral health care issues.

7 Networking
The **networking opportunities** are endless in the inner circle of the WWDS.

8 Emergency Service Program
Independent Pager service to cover your patient's dental emergencies after hours.

9 Find-a-Dentist
Listing in our **Find A Dentist Near You** tool.

10 There is always more
You'll find that the **benefits are many**.

Dear Friends and Colleagues,

We are excited for another fantastic year at the WWDS. I would like to express our gratitude to all of our society's staff and volunteers whose commitment, and devotion of countless hours make each year's program and services possible for all of our members.

Our society this year as always, is committed in providing diverse and valuable events and seminars to our members. Dr. Abby Donovan has worked diligently to provide us with another great line up of speakers and events. Some of these speakers include Dr. Gordon Christensen and a Core I course by Drs. Perschbacher on oral pathology and radiology, to name a few.

In addressing your concerns and frustrations, we have taken the initiative to change our webmaster to enable a more efficient and user friendly experience. We continue our mandate to phase out paper mailings and registrations to reduce administrative cost, as well as our environmental footprint. As such, we again have reduced the registration fees when you sign up online. Please check our website at www.wwds.ca to register for the upcoming academic year and for the 2014-2015 events.

Our emergency on call program continues to offer our patients with after hour care. It is continued commitment from you, our members that allows this program to be successful each year. Dr. Tarek El Sayegh will continue to run the program till the end of the 2014 calendar year, after which point Dr. Karen Lee will help administer the program.

As discussed at our last spring business meeting, we were looking into different areas to invest a legacy fund from the profits of the denture clinic started by some of our members. Ideally, initiatives that benefit the community and our society as a whole is preferred. Further inquiry is being carried out as the disbursement of these funds comes under ODA policy. We will also be looking into the original intent of the fund. We will be keeping our members updated on the progress and once all the relevant information is gathered, our members will have the opportunity to determine the best use of the monies.

And finally, after 16 years of service, Mr. Joe Sieber has sadly retired from his position as executive secretary. Miss Sarah Poll will be taking over the position and we are confident that this will be a smooth transition. We welcome Sarah and look forward to having her join our society.

It is an honour to be a part of one of the strongest ODA component societies. I look forward to serving as your president for the 2014-2015 term. From the entire executive, we wish you and your family a memorable and safe summer. We hope to see all of you at the events.

Kind regards,

Mindy Pho
WWDS President 2014-15
